

# FantasEquine Online Photo Show Rules - 1/1/18

## PHOTO IMAGE AND SIZE REQUIREMENTS:

A. Each photo submitted must include an Fantasy or Decorator Equine model horse-based subject. If a horse was used as the basis for a custom or resculpt, the end result must still be equine.

B. Photos will be in .jpg format and no larger than **650** pixels in width or height, scanned at **100** dpi or less with a file size of **500k** or less. Oversized photos will be disqualified and moved to its division's Purgatory folder.

C. There is **NO ENTRY LIMIT** as to how many photos/horses each entrant may upload. There is a limit of **ONE** photo per horse per class. **There is an entry limit of 10 photos per entrant in the Headstudy classes however (effective 2016).**

D. Digitally enhanced backgrounds, touchup of horse or background is not allowed except in the "Fun With Pixels" class. The only manipulation allowed for images is resizing, adjusting the brightness or gamma and cropping. **Photos with obvious manipulations will be disqualified.**

The FantasEquine Show Series consists of 5 bi-monthly shows and one end-of-year Championship to be held in December. **Entry fee is \$5.00 per year, which covers all 6 shows.** Fee must be paid before entry to the shows. Send payments (using personal payment choice) via PayPal to: [ssudekum1@gmail.com](mailto:ssudekum1@gmail.com). Please contact me at that email for other payment options.

Fees go to pay for the SmugMug web hosting (\$45/yr) and any extra goes to year end high point awards.

D. There is **NO CROSS-ENTRY** allowed between divisions. ## JPEG UPLOADING INSTRUCTIONS:

A. When a FantasEquine show is open for entries, paid entrants will be emailed the password needed to log in to the SmugMug account.

B. Entrants will be able upload each of their own JPEGs into the correct Album with the correct Division and Class. Each entry must be identified with the required title and description:

**TITLE:** Creature's Name, your three initials  
(Example: Buckbeak - HRP)

**DESCRIPTION:** Color, Species (if applicable), Gender. Optional Information such as mold, manufacturer, or customizing artist is optional.

## ENTERING IMAGES TO SMUGMUG

1. Log into the FantasEquine webshots account at: <http://www.smugmug.com> logging in as "fantasequine" (no quotes) and the Password which was emailed to paid entrants.
2. When logged in, click on the dropdown tab under the FantasEquine name and select "Homepage". That takes you to the main Folders which house the separate divisions.
3. **NEW FOR 2017!** Paid entrants will be assigned a "Realm" folder. This is where you will upload your photos to. From there you may use the Organize function and "Collect" your photos to the correct class album ("Collect" just copies the photo, leaving the original in the Realm folder)
4. To upload, click on "UPLOAD" at the top of the screen. You'll want to "Upload to this gallery". You can either drop the photos into the window, or browse for them on your computer to upload. Once upload is complete click "Done". You will have to go to the end of the Realm gallery to find any newly-uploaded images.

6. Find your new image, and with it selected, click “add title, caption, keywords, or all”. Here you can add the TITLE (Or the entry’s name and your initials”, then add CAPTION (the entry’s information: Breed, gender, mold, any other interesting information you care to share). Click the check mark to the right to confirm. There you Are!

7. To delete or edit the PHOTO, click the tiny wrench icon to the lower right of the image. This gives you plenty of options such as Delete, Copy, Crop, etc.

8. To move a photo (if you put it in the wrong class), it’s easy by clicking the “ORGANIZE” tab at the top of the page. This makes it ridiculously easy to drag-and-drop your photo into whatever class gallery it needed to be in.

9. To REPLACE a photo.... say you took a new photo, and you want to just replace the photo up there without having to retype the caption, again go to the little wrench icon, and “replace” is one of the options. It will guide you through choosing the replacement picture and uploading it.

10. Each division has a “Purgatory” folder. This is where disqualified photos are moved during judging. If your photos end up there due to inadequate captioning, wrong size, wrong class, etc, you may move them to the proper albums during the next Entry Portal.

And there you have it!

If you have any questions, comments or suggestions please send to: [ssudekum1@gmail.com](mailto:ssudekum1@gmail.com)

Judges are strictly a volunteer basis, you do not need to be showing to judge! It's fun, and low-stress, and a great excuse to stare at gorgeous and imaginative models for a couple of hours! Consider volunteering!
